

**REMARKS**

The present communication is submitted in lieu of an appeal brief. The Appeal Brief is due November 24, 2004, pursuant to a Notice of Appeal filed on September 24, 2004 responsive to the Office Action dated June 24, 2004 in the above-identified application. While an amendment is submitted, it is also requested that the remarks of the Response to the Final Office Action filed on September 24, 2004 also be entered and considered, particularly with respect to the question of the propriety of the Brown Elliott reference as prior art.

Claims 1-42 are pending in the application. Claims 1-42 have been amended to clarify the claimed invention. Reconsideration of the application and entry of the amendments is respectfully requested.

Claims 1-42 claim an invention relating to a pixel structure with at least five subpixels. At least three of the subpixels are controlled to receive a signal at a storage device of the subpixel before receiving a signal at a switch of the subpixel. At least two of the subpixels are controlled with a ground potential coupled to a storage device of the subpixel and by receiving a signal at a switch of the subpixel.

Claims 1-42 are believed to be allowable as amended, to neither be anticipated nor rendered obvious by the prior art.

**Deposit Account Authorization and Extension of Time Request**

Authorization is hereby given to charge any deficiencies and credit any overages to Deposit Account number 50-2207, including any funds necessitated due to an accompanying check being drawn on an account with insufficient funds. To the extent necessary and not otherwise requested, Applicant requests an Extension of Time to respond to the Office Action, and requests that the fee for such an extension be charged to Deposit Account number 50-2207.

**Conclusion**

In view of the foregoing, the claims pending in the application comply with the requirements of 35 U.S.C. § 112 and patentably define over the applied art. A Notice of Allowance is, therefore, respectfully requested. If the Examiner has any questions or believes a telephone conference would expedite prosecution of this application, the Examiner is encouraged to call the undersigned at (650) 838-4328.

Respectfully submitted,  
Perkins Coie LLP
